

change@cchs

Summer Term 2024 Update

With each term, our change@cchs initiative draws new ideas and energy from staff, students, parents, governors and the alumnae. We are so grateful for this.

In March, we marked International Women's Day, looking to the work of UN Women:

International Women's Day – UN Women: "The time for change is now! Join us on 8th March 2024 for International Women's Day as we rally behind the call to Invest in women: Accelerate progress".

Then in May, we celebrated the 117th anniversary of the founding of CCHS. Such a significant moment for the local area, and through the great work of successive generations of staff, students and their families, CCHS will soon be a community of over 1,200 girls and young women.

In June, we held our Pride Assemblies and our new tradition – PrideFest:

Our change@cchs work is framed by ideas and values articulated in our CCHS Citizenship Programme:

School Context

As part of our *change@cchs* initiative, we work to promote:

- *understanding*
- *co-operation*
- *respect*
- *civility*

We support our students, through their interactions with each other and with members of staff, as members of CCHS community, to understand the values which animate our school ethos (vision and aims).

Our Objectives

Through everyday behaviour, we are determined to make face-to-face interactions a force for:

- *respectful exchanges of ideas*
- *broadening horizons*
- *forging lasting friendships*

Through online behaviour, we are determined to make social media interactions a force for:

- *positive engagement*
- *supporting one another*
- *celebrating successes*

Thanks, as always, to the CCHS Community for engaging with such dedication and passion to enable us to be a forward-looking school, committed to excellence in girls' education and empowerment.
